6.

NL Optioneel: kort de twee lange pinnen in met een ijzerzaag (A). Voeg 1 druppel lijm toe in elk gat van de witte afstandshouder en lijm deze vast aan de pinnen (B). Minimale afstand tot detankbodem is 3 mm (C). Meet en noteer de nieuwe lengte van de pinnen.
Optional: shorten the two long pins with a hacksaw (A). Add one drop of glue to each hole of the pin holder. Put a pin in each hole (B). Please be aware that the minimum distance between the pin holder and the bottom of the tank should be 3mm. Measure the new pin length and write it down.

GB

NL Zorg ervoor dat de rubberen ring (A) zich aan de buitenzijde van de tank bevindt. Draai vervolgens de afsluitdop (B) vast aan de binnenzijde van de tank.
Make sure that the rubber seal ring is placed at the outside of the water tank. Tighten the mounting ring (B) at the inside of the water tank.
